Group Accident Insurance

Helps cover costs associated with injury treatments

Group voluntary accident coverage from Allstate Benefits pays cash benefits for expenses associated with an accidental injury and can help protect hard-earned savings should an off-the-job accidental injury occur.

group voluntary accident

No one plans to have an accident. But it can happen at any moment throughout the day, whether at home or at play. Most major medical insurance plans only pay a portion of the bills. Our coverage can help pick up where other insurance leaves off and provide cash to help cover the expenses.

Our accident coverage helps offer peace of mind when an accidental injury occurs. Below is an example of how benefits are paid.*

Employee chooses benefit coverage under his
Employer Approved Plan

2 years later the employee is going out to dinner, is in a car accident, and is air lifted to the hospital

Employee incurred expenses for services in and out of the hospital. In addition to what major medical insurance paid, our accident benefits paid for:	
Air Ambulance Service	\$ 600
Thoracic Surgery	\$ 1,000
Medicine	\$ 5
Emergency Room	\$ 200
Hospitalization	\$ 1,000
3-Day Hospital Stay	\$ 600
Physician Treatment	\$ 100
Outpatient Physician	\$ 25

With Accident Coverage
Additional dollars to pay for copay, deductible and other costs
Benefits paid: **\$3,530**

Without Accident Coverage
No additional dollars to pay for copay, deductible or other out-of-pocket costs
Benefits paid: **\$0**

*The example shown may vary from the plan your employer is offering. Your individual experience may also vary.
